TERM 1 WEIGHTED ASSESSMENT FOR SECONDARY 3

Dear Parents / Guardians,

Assessment is an integral part of learning, providing the learner and teachers with feedback to identify strengths and address learning gaps.

From Terms 1 to 3, there will be typically one Weighted Assessment (WA) per subject each term. These assessments may take the form of authentic tasks (e.g group presentations, project work) or time-based written assessments conducted during curriculum time. The WA score for each subject contributes to the student's overall result in that subject for the semester or the year.

Please refer to the overview of the assessment schedule below. The subject teachers would provide specific dates and assessment details.
